Professional Summary

Motivated and adaptable developer with a strong foundation in **C#**, **ASP.NET Core**, **Java Spring Boot** and **SQL Server**. I'm currently pursuing a Master of Computer Applications and have hands-on experience in full-stack development through professional projects and internships. Actively seeking a challenging role to apply my skills and contribute to innovative software solutions.

Technical Skills

- **Languages:** C#, Java, Python, JavaScript, SQL, C++, PHP
- **Frameworks & Libraries:** ASP.NET Core, **Spring Boot**, Entity Framework, .NET MVC,
- **Databases:** SQL Server, MySQL, PostgreSQL
- **Fundamentals:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management (DBMS)
- **Cloud & Tools:** Git, Visual Studio, VS Code
- **Development Practices:** Agile, Dependency Injection, RESTful APIs, Microservices

---

Professional Projects:

Professional Projects

1. Spice Cloud | Full-Stack Developer (Cloud Kitchen System) *Developed a comprehensive Cloud Kitchen platform using ASP.NET Core MVC and SQL Server.*

- **Multi-Role Architecture:** Engineered a modular system with distinct interfaces for **Users, Admins, and Chefs**, implementing secure authentication via **ASP.NET Core Identity**.
- **Payment Integration:** Integrated the **Razorpay API** for secure transaction processing and real-time order status verification.
- **Automated Data Layer:** Utilized **EF Core (Code-First)** with Migrations to manage a Microsoft SQL Server database, ensuring consistent data schema and integrity.
- **Workflow Management:** Built a dynamic tracking system for Chefs to update dish availability and order status, synchronized instantly with User order history.

2. Cake Shop Management (Group Project)

- Delivered a full-stack e-commerce solution for a local bakery using **C#.NET, MVC Core, HTML,** and **CSS**.
- Streamlined operations and enhanced the customer experience with an intuitive product catalog and automated booking system.
- Built a secure, CRUD-enabled dashboard for administrators to manage inventory and promotions.

3. Student Start-up Spin-off (Group Project)

- Collaborated on the design and development of a scalable data management system for a start-up.

- Engineered the solution using **Java, MySQL, HTML, CSS,** and JavaScript to enable efficient data collection and analytics.
- Provided the company with a robust solution for tracking user information and insights.

Education

- **Master of Computer Applications (MCA):** Mumbai University (2025 – Present)
- **Bachelor of Computer Application (BCA):** Pune University (2021 – 2024) | **CGPA: 8.34/10**

Internship Experience

Software Development Intern | Cravita Technologies India Pvt Ltd *Pune, Maharashtra, India | Sept 2024 – March 2025*

- Assisted in developing backend services and optimizing database queries for enterprise applications.

Web Developer Intern | Passion Infotech Private Limited *Pune, Maharashtra, India | Oct 2022 – April 2023*

- Focused on frontend development and UI enhancements for client-facing web portals.

Certifications / Training

- .NET Developer – Fortune Cloud Technologies
  Pune, Maharashtra, India
